

46 - Northern Ministry of Jesus Christ

www.crcnh.org

Jesus' ministry lasted between two and three years starting with His baptism around the age of thirty and ending with His crucifixion around the age of thirty-three. The main audience of His ministry was the Jews but occasionally Jesus chose to minister to non-Jews (gentiles). Capernaum was the main hub of His northern ministry and He eventually made it His home after He was rejected by the people at Nazareth. Jesus performed at least 31 miracles and told at least 26 parables during His Northern ministry period.
